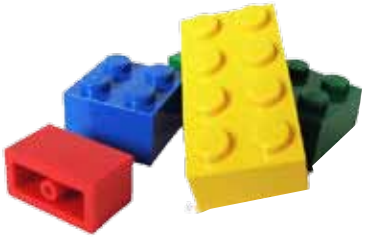
*PRE-ENGINEERING USING LEGO®
5-6 YRS



In this class, let your imagination run wild with tens of thousands LEGO® pieces! Build engineer designed projects such as boats, bridges, mazes and motorized cars, and use special pieces to create your own unique design! Explore the endless creative possibilities of the LEGO® building system with the guidance of an experienced Play-Well instructor. This is an ideal way to prepare young builders for the challenge of Engineering FUNdamentals.

Code	R/NR	Day	Time	Date

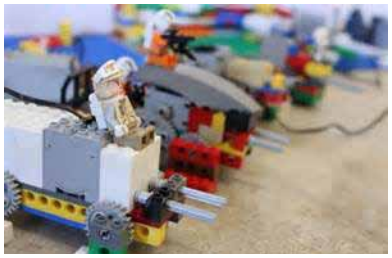
434950-B	$172/$182	M-F	9am-noon	7/21-25

*PRE-ENGINEERING BASHEM'BOTS USING LEGO®
7-12 YRS



Have you ever wanted to learn how to make a massive motorized LEGO machine? Our Play Well Engineering instructors guide students in this advanced Play-Well engineering camp, as they re-engineer standard LEGO vehicles into mechanized machines that can traverse challenging obstacles, battle against fellow bots, and take on Play-Well Instructors' colossal creations.

Code	R/NR	Day	Time	Date
434951-A	$172/$182	M-F	1:00-4:00pm	6/23-27
434951-B	$172/$182	M-F	1:00-4:00pm	7/21-25

Revolutionary approach produces breakthrough results!

*Play blues, contemporary, classical and accompaniments - immediately - from your very first lessons

Children, Teens, Adults, Seniors

Simply Music is amazing! My daughter (who started lessons at age 8) learned to play with both hands from the very beginning. Over the past three years she has learned a diverse repertoire of music, music theory, composed her own songs, and even knows all the chords so at 10, she was able to "sit in" for the piano player at her grandfather's sing-a-long birthday party and accompany us for a couple of songs. If I had learned the fun songs that she is learning through this fabulous method, I doubt I would have quit my childhood piano lessons. *- Jane, Lafayette*

My son loves Simply Music with Shari! He's been taking lessons for almost 4 years and we get compliments all the time about how well he plays and how poised he performs. It's a great mix of memorization, sight reading and composing. Because he knows so many songs by memory, he never gets bored. He is doing so much better than I ever did in piano lessons as a child. It definitely works and it keeps the students engaged and interested. *-Parent*

STEMgirls provides hands-on programming for the under-served population of girls interested in STEM (science, technology, engineering and math). The goal is to spark an interest for these girls in a STEM field leading them to become female STEM professionals. Using an exclusive, all female, closed loop business model, the gender equity focus of STEMgirls is to feed the pipeline of future female STEM professionals.
For more information, please go to www.STEM4USA.org.

*STEMGIRLS TSA (TAKE STUFF APART) LAB SUMMER CAMP

GIRLS ONLY 8-13 YRS

Purchased with successful Kickstarter crowd funding, we will dissemble broken Electronics and identify parts. Highlights include Skype in Q & A with Women@ NASA. Local And national STEMgirl Mentors will be included on a daily basis, either in person or via Skype. Seating is limited to 20 STEMgirls. Please register early to assure a space! STEM content specialist librarian, Karen Alfino, facilitates participants. In kind support by the American Association of University Women and Workforce Boulder/Broomfield.

Location: Starkey Building, 309 S. Public Road

Code	R/NR	Day	Time	Date
434980-A	$275/$285	M-F	1:00-5:00pm	6/23-27

*STEMGIRLS PRE PERSEIDS SKY PARTY

ALL AGES WELCOME

STEMgirls and their families are invited to learn about the upcoming Perseids meteor shower. The best viewing of Perseids is in the Northern Hemisphere, August 9th-12th. Bring blankets, Binoculars and telescopes for this fun outside gathering. This is a rare STEMgirls family event. Have your STEMgirl meet other like minded STEMgirls!
