Tiny Explorers

Lindsey Nelson, Dana McWilliams, and Sydney Ehrman

Tuesday and Thursday Morning

March 2014

Last month we focused on new sensory experiences including insta-snow, glue combined with shaving cream and playing outside in the fresh snow. We also used new mediums in our artwork, and different techniques like painting on the surface underneath the table while lying down on the floor.

This month we will be singing songs, reading stories, creating art, exploring our senses, and engaging in outdoor play.

Things to Remember this Month:

**No School March 24th through March 28th (Spring Break)

**Register for our Spring Break Camp

**Please remember that if it is above 32 degrees out, we will go outside. Please bring appropriate clothes and footwear.

Dr. Seuss Quotes:

"Don't give up. I believe in you all. A person's a person no matter how small." –*Horton Hears a Who*

"If things start happening, don't worry, don't stew, just go right along and you'll start happening too."

"From there to here, from here to there, funny things are everywhere!"
— *One Fish, Two Fish, Red Fish, Blue Fish*

Health Tips:

According to the University of Rochester Medical Center, children ages 1 to 3 years need 700 milligrams (mg) of calcium a day. Some calcium rich foods include: cheese, milk, yogurt, and dark leafy green vegetables such as spinach or kale.

Our Favorite Classroom Moments:

- being silly at snack time
- working on artwork together
- exploring new sensory experiences
- reading books together as a class
