

My name is Jenna Xie. I was born and grew up in a city nicknamed “Garden of the Sea” in China, where I taught junior high school for ten years. After I moved to the United States, some volunteer work in my son’s preschool class led to my passion of working with 3 - 5 year-old children.

I acquired my B.A. in Child Development from Boise State University in 1999. I also have a State of Colorado Early Childhood Teacher Certificate and a Colorado Shines Early Childhood Credential 2.0 Professional Level III. I have been working with preschoolers for 17 years, teaching several types of curriculum. This is my 9th year working for the Lafayette Explorers Preschool. I love children and enjoy working with them.

I am married and have a wonderful husband. Our son recently got married in May of this year. He is an engineer and our daughter-in-law is a dental hygienist. We are very proud of them.
