News Release

FOR IMMEDIATE RELEASE

Lafayette's "Green Expedition" launches September 1

LAFAYETTE, Colo August 28, 2013 – Win an iPad and discover how GREEN the City of Lafayette is by participating in the 2013 Green Expedition.

The Green Expedition contest, run by the Lafayette Energy Sustainability Advisory Committee (LESAC), challenges residents to uncover answers to questions about green initiatives in their community. Participants will learn about the City's commitment to renewable energy which includes solar, electrical vehicle charging stations, local food production, Lafayette green businesses, and more.

"Lafayette is one of the most forward-thinking green communities in the state when it comes to sustainability," said Curt Cheesman, Director of Recreation, Senior Services, Facility and Energy Management. "Many of our projects aren't physically visible to residents so we're helping raise awareness through this fun, interactive contest."

There is no charge to participate. Download a game card at www.cityoflafayette.com/greenexpedition or pick one up at the Lafayette Public Library, City Hall, or various green businesses around town. Drop your completed Green Expedition Card at the Library's Energy Corner (located to the right as you enter the building), between September 1 and September 30, 2013 and you could win an iPad Mini. The winner will be drawn randomly from all completed cards on October 5, 2013 and notified by email. You must be a Lafayette resident to win.

Additional info about the City's sustainability efforts can be found at www.cityoflafayette.com/GoGreen

About LESAC: The Lafayette Energy Sustainability Advisory Committee (LESAC) was established to serve in an advisory capacity and to make recommendations to City Council. LESAC strives to make Lafayette more sustainable in its energy resources and usage, and therefore, a more prosperous community in the future. The committee has engaged in projects such as the Green Business Program, alternative transportation, alternative energy installations, and community education and outreach. Visit www.cityoflafayette.com/LESAC for more information.
