

Tiny Explorers

Lindsey, Dana & Crystal Tue/Th 8am-11am

September 2013

What will we be exploring this month?

- *Family and learning all about “me”*
- *A sensory table exploring flour, sugar and oil.*
- *Drawing an outline of our bodies to “create” ourselves.*
- *Reading and singing songs about family.*

“A positive learning climate in a school for young children is a composite of many things. It is an attitude that respects children. It is a place where children receive guidance and encouragement from the responsible adults around them. It is an environment where children can experiment and try out new ideas without fear or failure. It is an atmosphere that builds a child’s self-confidence so they dare to take risks. It is an environment that nurtures a love of learning.”

~Carol B. Hillman

Wrap-Up

Our first week of school was a success! The children are slowly getting more comfortable with their new teachers and we are beginning the foundations of a wonderful classroom community.

If your child has a birthday coming up and you would like to have a celebration in class please let one of the teachers know. In order to continue our healthy initiative we ask that parents only plan on sending in fresh fruit and/or vegetables. You are also welcome to skip the food and have the kids complete a fun game or craft.

Parent Volunteers

We would love for the children to learn about gardening and where their food comes from. If there are any parents who would like to volunteer their time to help us plant some food or teach the class about gardening, please let us know. If you don't have time to volunteer, we are also looking for items that would help us begin our gardens.

Healthy Eating Tip

**“Keep an Eye on the Size”
Snacks shouldn't replace a meal, so look for ways to help your kids understand how much is enough. Store snack size bags in the cupboard and use them to control serving sizes.

Reminder:

Please send your child with comfortable shoes that will allow them to run around and climb with ease!
