**Reading Buddies Program
Lafayette Public Library**

FALL 2014

What's a Big Buddy?

Big Buddies are trained volunteers who will be in grades 7-12 who meet one-on-one with a younger child (their Little Buddy) once a week to take turns reading together, play games, and do reading-related activities.

Big Buddies:

- Are students who love books, enjoy reading aloud, and like to spend time with children.
- Become a mentor and friend to a younger child.
- Share books with their Little Buddies to show that reading is fun!

What's in it for me?

- A great volunteer experience that you can put on your résumé or college application, along with the possibility of recommendation letters from the coordinator.
- The opportunity to get to know teens from other schools, plus leadership opportunities for those who serve as Assistant Coordinator or Big Buddies for Writing Buddies.
- The joy of helping a younger child read and succeed.
- Prizes and recognition from the Library such as books, t-shirts, meals, amnesty from library fines, awards, the RB Handbook, and parties.

What do Reading Buddies do?

- The first three-hour meeting will be time spent training and getting to know the other Big Buddies (meal included!).
- On the first day of the new term, you will meet all the Little Buddies and do some icebreakers and group activities.
- In subsequent meetings, Buddy pairs will read one-on-one for about 45 minutes, and then will come together as a group to do an entertaining 15-minute literacy enrichment activity. Big Buddies meet for additional ongoing training and planning for 15 minutes after their Little Buddies leave.
- The group activities will culminate in a project or product to share with parents, such as a play, a poetry reading, or a game show. At this final meeting, all Buddies will receive a certificate and a free book.

"Being Big Buddies gave my children a confidence boost because they were the helpers instead of needing help themselves. It was great for them to enjoy responsibility." --parent of two Big Buddies

What other opportunities are available?

- Previous BBs can serve as Assistant Coordinators. They will take on additional responsibilities, including interviewing, training, and mentoring new Big Buddies; setting up the meeting space; and planning activities. They will also receive additional incentives at the end of the program. Contact the coordinator to apply for this role.
- Previous BBs in 9th grade and up can become BBs for our summer Writing Buddies program. They will help plan the sessions, lead whole-group creative writing activities, and work with LBs in small groups. Contact the coordinator to apply.

I'm interested—what next?
