

About the Position

The Lafayette Energy Sustainability Advisory Committee (LESAC) is a citizen-member committee which was established to advise City Council on matters related to energy sustainability. Members conduct analysis of benefits and impacts of such matters. The committee's Master Plan outlines objectives for the reduction of the overall environmental footprint of the city of Lafayette and its residents.

Deadline for Applications: When there are openings on the Committee, information about positions and deadlines are posted on this web page: <http://www.cityoflafayette.com/joinLESAC>

- Submit application, a current resume, and a letter of interest addressed to the Mayor and City Council.
- Applications will be reviewed by the nominating committee. Selected applicants will be contacted to schedule an interview.

Details

- The seven members serve three-year terms. There are two alternates.
- Meetings are held on the second Tuesday of the month at 6:30 pm in the Aspen Room at City Hall (2nd Floor).
- Learn more:
 - LESAC home page: <http://www.cityoflafayette.com/lesac>
 - Establishing Document: <http://www.cityoflafayette.com/aboutlesac>
 - LESAC members: <http://www.cityoflafayette.com/lesacmembers>
 - City of Lafayette Environmental Sustainability: <http://www.cityoflafayette.com/gogreen>

Requirements & Duties

- Resident of Lafayette for at least 12 months (prior to appointment)
- Registered voter
- Attend both monthly meetings
- May be required to attend other meetings or volunteer at special events to promote work of the committee.

Members are expected to:

- Support Lafayette's goal to protect Natural Resources through conservation, energy efficiency and clean transportation
- Attend monthly meetings regularly
- Support local government initiatives to support local action and policy advocacy
- Contribute to the development and recommendation of Energy and Climate Action Plans for community wide GHG emission reduction, and Energy and resource Savings
- Participate in program development and outreach campaigns for Energy Conservation Measures, GHG mitigation strategies, and other programs

- Help to define Sustainability goals and objectives as necessary
- Evaluate program opportunities
- Work collaboratively with other City Boards, Commissions and Departments
- Evaluate program effectiveness and help track GHG emission reductions
- Help prepare content for the LESAC website, ads, fliers, and presentations
- Contribute 5-10 hours per month
- Share in duties of members including note taking
- Review and follow policy guidelines and governing documents

Desired Qualifications or Interests

- Enthusiasm for Environmental Sustainability
- Knowledge of GHG emissions and climate change topics in general
- Knowledge of Sustainability Plans and planning
- Background in Environmental program development or management
- Familiarity with renewable energy systems and/or clean energy transpiration, energy efficiency, energy policy.
