

- *Through music and song children can hear so much more than musical words. They can feel the rhythm of the lyrics. They can listen to the sounds of the instruments. They can move their bodies to the tempo of the song. They can make simple learning connections. They can enjoy and communicate the "sounds of music", and learning happens!*
- *Vocabulary words we are using daily in class: beginning, end, title, author, experiment, prediction.*
- *If your child has a birthday, let's make it festive and healthy and focus on fun activities, nutritious food, family visitor to class or party favors!*
- *Please know that not all of your child's artwork will come home. It creates a wonderful documentation of your child's learning journey throughout the school year which then goes home at year end.*
- *Remember: if someone other than you will be picking up your child, please let us know that morning! First timers must show ID...*
- *Monday October 30/Tuesday October 31: Special Class Activities Will Fill Our Day...Stay Tuned☺*
- *Please feel free to email us anytime with questions, concerns or comments or if our child will be out...*
