

Public Road Strategic Corridor Plan  
FPR-WG Meeting #1 Summary  
Thursday March 19<sup>th</sup>, 2018  
6:00 PM to 8:00 PM  
The Collective

### **Meeting outcomes**

- Learn about the design options for the corridor
- Work as a group to identify intersection designs and costs
- Work as a group to identify enhancements and costs

### **6:00 – 6:05 p.m. Review agenda**

Carlos Hernandez from FTH Transportation Group reviewed the agenda with group

### **6:05 – 6:15 p.m. Review Vision, Goals and Objectives**

Carlos Hernandez from FTH Transportation Group reviewed the Vision, Goals and Objectives that were workshopped with the FPR-WG at meeting #1.

#### Possible vision statements (choose one)

Public Road is an inviting place that is safe and accessible to everyone (SELECTED)?

Public Road is a slow-moving safe place that is friendly and inviting to all?

Public Road is safe and accessible to all people traveling in the corridor?

Public Road is an inviting and accessible place that is safe for all people traveling in the corridor?

#### Key words on vision from FPR-WG input:

- Walk
- Slow down
- Safe
- Accessibility
- Friendly
- Inviting

#### Public Road Corridor Goals

Goal #1: Update the infrastructure to meet the changing needs in downtown (SELECTED).

Goal #2: Maintain a family-friendly and business supportive walking environment(SELECTED).

Goal #3: Be a place where people park once and walk around for a while.

Goal #4: The new appearance of the corridor supports the old town history and character.

Key words from FPR-WG input:

- Family friendly
- People
- Traffic
- Walking
- Parking
- Businesses
- Intersections
- Events

### **6:15 – 6:30 p.m. Corridor options presentation**

Carlos Hernandez from FTH Transportation Group introduced the possible corridor design options from peer communities that would be used in the group design exercise. The corridor options presented are noted below.

#### Intersection Control

- Stop signs
- Traffic circles
- Traffic signals
- Raised intersections
- Intersection Crossings
- Concrete ramps
- Painted crosswalks
- Colored concrete crosswalks
- Bulbout

#### Bicycle Infrastructure

- Bike racks
- Large share the lane markings
- Harrison/Roosevelt neighborhood bikeway
- Character and Beautification
- Art platforms
- Parklets
- Ped light posts with banners
- Seasonal flower boxes
- Street trees
- History tour plaques
- Utilities

- Alleyscape
- Transit
- Trolley bus service
  - Town circulator shuttles
  - Uber/Lyft designated spaces

### **6:30 – 7:55 p.m. Corridor options exercise**

Carlos Hernandez from FTH Transportation Group led a group exercise that allowed the FPR-WG to workshop design options for the corridor based on the design options in the presentation. The FPR-WG broke out into 3 working groups to identify possible corridor and intersection design changes. Each group utilized base maps and design pieces, and cost data to identify possible design options.
